PARALLEL SESSIONS & WORKSHOPS

THURSDAY 17 , SESSION 1 14:10 - 15:40

SYMPOSIUM | 1 SALON GRÉTRY

Detecting, correcting and preventing healthcare system dysfunctions to support quality and trust
French-language Scientific Symposium - programme approved by the ASMA/UEMASS Working Group. Two 90-minute sessions, separated by a coffee break.

FIRST SESSION - Moderator: **Dr Olivier Fenichiu**

- **Dr Benjamin Damanet** - Director, Appropriate Care Directorate, Health Care Service, NIHD
Appropriate Care: From Strategy to Action – The New Belgian Approach to Improving the Appropriateness of Care
- **Dr Claire Gazzotti** - Appropriate Care Directorate, NIHD
Presentation of the Hospital Audit Unit at NIHD: A Tool for Improving the Quality of Care in Belgian Hospitals (audit methodology; spine surgery, stroke management, hip replacement surgery)

WORKSHOP 1 | SALLE MOSANE 2+3

From “I Can’t Work” to “I Can”: A Hands-On ICIT Workshop for Persistent Symptoms and Sick-Leave Challenges **Cathrine Abrahamsen**

WORKSHOP 2 | SALLE MOSANE 5+6

Beyond Agreement: rethinking work ability assessment in occupational health **Donny Kreuger**

SICK LEAVE 1 | MODERATOR: PIA SVEDBERG | SALLE SIMENON

- Associations between diagnoses linked with adverse COVID-19-related outcomes and sickness absence due to COVID-19 or COVID-19 like diagnoses **Kristin Farrants**
- Estimating the total burden of sickness absence based on register data on sickness allowance in Finland **Jenni Blomgren**
- Increased prevalence of sickness absence due to anxiety and mood disorders – an examination by diagnosis and socioeconomic group in Finland **Riku Perhoniemi**
- Occupational differences in sickness absence among older health and social care workers: a nationwide cohort study from Sweden **Aleksiina Martikainen**

WORK CAPACITY ASSESSMENT 1 | MODERATOR: ISABELLE GABELLON | SALLE MOSANE 9

- Mental Health Disclosure at Work: Social Dynamics, Legal Tensions, and Lived Experiences within Individual Placement and Support (IPS) in Belgium **Hamarat Natasia**
- Determinants of work participation and career length in Romania **Corina Oancea**
- Developing an ICF-Based Functional Capacity Evaluation Form for Social Security Decision-Making **Stijn De Baets**
- Evaluating Work Capacity in Complex Functional Somatic Disorders: Swiss Practices and Perspectives **Ioannis Kokkinakis**

RETURN TO WORK 1 | MODERATOR: STEVE MCCROSKY | SALLE MOSANE 7

- Experiences of Work Focused CBT in Swedish Primary Care - A Qualitative Feasibility Study **Robin Bernhardt**
- How can socio-economic reintegration be improved in the working population with depression? A systematic review of the recent literature **Elena Muraro**
- Modifiable Psychological Variables as Predictors of Return to Work: Temporal Patterns in a Longitudinal Observational Study **Anna Finnes**

REHABILITATION 1 | MODERATOR: MIKKO LAAKSONEN | SALLE MOSANE 4

- Does return-to-work rehabilitation improve long-term employment? Evidence from a target trial emulation in Germany **Daniel Brueggmann**
- Effectiveness of vocational rehabilitation by rehabilitation type **Mikko Laaksonen**
- Prevalence and self-reported success of rehabilitation among long-term care benefits applicants in Germany: A retrospective routine data analysis **Sarah Schroeder**
- SWIMMER – Social workers in rehabilitation: tasks, work types and settings of interactions **Tobias Knoop**

- “The bucket is full”: towards better understanding of autistic burnout in the context of social insurance medicine **Elena Syurina**
- Assessing torture history in migrants and its impact on health and work capacity: lessons from the United Nations Istanbul Protocol **Edith Hesse**
- Occurrence of suicidal behaviour when denied prolongation of a sick-leave spell, a Swedish register-based study **Kristina Alexanderson**

THURSDAY 17 , SESSION 2 16:10 - 17:50

WORKSHOP 3 | SALLE MOSANE 2+3

Efficient deployment of the insurance physician in cross-border work (in)capacity assessments **Annette de Wind**

SYMPOSIUM 1 | SALON GRÉTRY

Detecting, correcting and preventing healthcare system dysfunctions to support quality and trust (continued)

SECOND SESSION - Moderator: Dr Michel Natalis. Each presentation lasts approximately 20 minutes, followed by 10 minutes of discussion.

- **Dr Igor Marinovic** - President, European Healthcare Fraud and Corruption Network (EHFCN)
The European Healthcare Fraud and Corruption Network: Strengthening Cooperation Against Healthcare Fraud
- **Ms Marie-Anne Brabants** - Pharmacist, Evaluation and Medical Control Department (SECM), NIHDI
Using the 2D Matrix System to Detect Pharmaceutical Fraud: A Practical Inspection Case
- **Dr Alex Peltier** - Medical Director, Christian Sickness Fund (MC); Chair of the Working Group, National College of Social Insurance Medicine
The 29 Guidance Sheets for Work Incapacity Assessment: Methodology and Practical Application

SICK LEAVE 2 | MODERATOR: NATASIA HAMARAT | SALLE SIMENON

- Part time return-to-work during a period of sick leave **Jérôme Vrancken**
- Part-time sickness absence due to common mental disorders in Sweden **Jurgita Narusyte**
- Psychiatrists' experiences of sickness certification and access to rehabilitation coordinators: A cross-sectional study in a Swedish healthcare region **Carin Nyman**
- Sickness absence as an early signal of dementia risk: A large prospective cohort study in Sweden **Brian Beach**

WORK CAPACITY ASSESSMENT 2 | MODERATOR: CORINA OANCEA | SALLE MOSANE 5+6

- Exploring clinical utility of multimodal functional assessment in work disability evaluations: A cross-sectional survey among physicians **Anna Karnoee Knudsen**
- The effectiveness of functional capacity evaluation in Belgian sickness and disability insurance **Kirsten Van Kelst**
- User Testing the Value@WORK-Q23: Usability and Added Value in Measuring Work-Related Outcomes in Cardiovascular Patients **Marije Hagendijk**
- Reassessing Work Capacity in Differentiated Thyroid Cancer Survivors **Anca-Maria Sirbu**

CHANGING LEGISLATION | MODERATOR: PHILIEP BERKEIN | SALLE MOSANE 4

- From protection to Empowerment: the reform of the 1987 law **Jo Locquet**
- Multidisciplinary Disability Assessment in Belgium: Integrating Insurance Medicine with Psychosocial and Clinical Expertise **Ann Hombroux**
- Exchange of medico legal information within the social security system in Belgium today and tomorrow **Monique Offermans**
- Shifting the insurance medicine paradigm: Insights from Belgian CNMAS/NCSVG Initiatives **Cassandra Spataru**

REHABILITATION 2 | MODERATOR: MARCO STREIBELT | SALLE MOSANE 7

- Model on measuring the economic benefit of rehabilitation in Germany **Marco Streibelt**
- The effectiveness of medical rehabilitation in promoting work participation in Germany. Results from routine data of the German Pension Insurance **Nico Seifert**
- Vocational Rehabilitation in Germany at a Crossroads? – German Vocational Rehabilitation Centers between Growing and Declining Relevance **Christopher Grobys**
- Work as a Resilience Factor – Opportunities for Vocational Rehabilitation **Sascha Blasczyk**

TRAINING | MODERATOR: REGINA KUNZ | SALLE MOSANE 8+9

- Evidence gaps in insurance and social medicine. A first-hand survey on priority topics across Europe: Part 2- Results **Regina Kunz**
- Pathology fiche 'visual impairment': guidelines for evaluation of the disability and a training tool for evaluators at DGHan Belgium **Ann Hombroux**
- Multi-disciplinary guideline Cancer and Work for occupational and insurance physicians **Angelique de Rijk**

FRIDAY 18, SESSION 1 14:10 - 15:40

WORKSHOP 4 | SALON GRÉTRY

Evidence gaps in insurance and social medicine. A first-hand survey on priority topics across Europe: Part 3 - The Interpretation
Karen Walseth Hara

WORKSHOP 5 | SALLE MOSANE 2+3

The effectiveness of rehabilitation measures on return to work: methodological requirements and solutions **Marco Streibelt**

DISABILITY | MODERATOR: NINA WIJNANDS | SALLE MOSANE 5+6

- Assessing the impact of partial disability pensions on work sustainability for individuals with spinal cord injury **Mayra Galvis Aparicio**
- Change in perceived work ability and risk of disability retirement **Tero Kujanpää**
- Impact of Post-COVID Condition (PCS) on work capacity and disability pension eligibility in the Netherlands: a qualitative analysis **Nina Wijnands**
- Quality assurance of social medical assessments for reduced earning capacity pensions in Germany **Lara Bungard**

SICK LEAVE 3 | MODERATOR: KRISTIN FARRANTS | SALLE SIMENON

- Waiting day reimbursement for the first sickness absence day among blue-collar workers in retail and wholesale during the pandemic **Kristin Farrants**
- Work-focused Cognitive Behavioral Therapy for patients on sick leave due to stress-related disorders: a feasibility study in primary health care **Anastasiya Zakrevska**
- Impact of an Organizational Intervention on Sick Leave Trajectories **Helene Azoury**
- Occupational differences in sickness absence among older health and social care workers: a nationwide cohort study from Sweden **Aleksiina Martikainen**

WORK CAPACITY ASSESSMENT 3 | MODERATOR: ANGELIQUE DE RIJK | SALLE MOSANE 8+9

- Layered saturation in qualitative research for household disability scale development: a methodological analysis **Geert Lammens**
- Health Insurance Medicine 2.0 – Challenges in Digital Communication and Assessment within the Medical Service in Germany **Thomas Petzold**
- Cognitive profile and underperformance in work capacity assessments (WCA). **Johanna Eklund**
- Functional Capacity Evaluations in Medico-Legal Contexts: A Scoping Review of Best Practices, Limitations, and Areas for Improvement. **Stijn de Baetz**

RETURN TO WORK 2 | MODERATOR: ANASTASIYA KISELEVA | SALLE MOSANE 7

- Structured Assessment of Rehabilitation and Sick-listing (STARS): A Framework for Supporting Return to Work in Swedish Primary Healthcare **Eva-Marie Sundkvist**
- Enhancing Work Reintegration Support for Persons on Sick Leave due to Perinatal Depression **Elena Syurina**
- Natural language processing for occupational and insurance medicine: An exploratory study of barriers, facilitating factors and preconditions for administrative support **Christine Lausberg**
- Sex differences and branch patterns in compensated occupational diseases in Romania **Anicuta Cernamoriti**

HEALTH CARE & INSURANCE MEDICINE | MODERATOR: SYLVIA VAN DER BURG-VERMEULEN | SALLE MOSANE 4

- Mapping frailties of heart failure patients and implementing targeted intervention using health insurance databases **Laurence Papinaud**
- Towards integrated work-focused healthcare: a pilot study using a digital platform to enhance multidisciplinary communication and collaboration **Nina Zipfel**
- The perspective of Therapeutic Assessment (TA) in a one-session insurance medicine environment - objective findings vs personal insights **Jörn Aasmundsen**

FRIDAY 18, SESSION 2 16:10 - 17:50

WORKSHOP 6 | SALLE MOSANE 2+3

The future of training in insurance medicine in Europe – Lifelong learning from medical school to specialty practice - **Corina Oancea**

SYMPOSIUM 2 | SALON GRÉTRY

Innovative practices for supporting return to work in social security: how to integrate recovery-oriented approaches? - **Natasia Hamarat**

AI & DIGITAL EXCHANGES | MODERATOR: IOANNIS KOKKINAKIS | SALLE MOSANE 5+6

- Economics of expert report quality: impact of structured ai-assisted quality screening in swiss disability insurance - **Stefan Reinbott**
- Practical implementation of artificial intelligence in medical expert assessments in Switzerland: impact and future perspectives - **Ioannis Kokkinakis**
- Who decides what with AI? Mapping roles in work capacity assessment across the EU and implications for regulation - **Anastasiya Kiseleva**
- Predicting Disability Insurance Entry and Long-Term Dependence: A Machine Learning Approach - **Guida Ayza Estopà**

PRACTICE | MODERATOR: ROB KOK | SALLE SIMENON

- How sickness certificate language shapes decisions on work capacity and return to work - **Egidio Niclas D'Angelo**
- Suitability of videobased care need assessment? - **Andrea Kimmel**
- Significant Others in Insurance Physician Consultations - **Peter van Haren**
- Remote work disability assessments via video consultations: a survey among insurance physicians. - **Lyanne Jansen**

RETURN TO WORK 3 | MODERATOR: FRANÇOIS LATIL | SALLE MOSANE 8+9

- Personalized Benefit Simulators and Work Incentives in Social Insurance - **Marina Ligato**
- Recovery First, Work Later: Working-Age Patients Perspectives on Return-to-Work After Total Hip and Knee Arthroplasty - **Nicky Wouters**
- Redefining return-to-work assessment after cancer - **Joan Elisabeth Panke, MD**
- Return to Work and Occupational Sustainability After Differentiated Thyroid Cancer: A Systematic Review - **Anca-Maria Sirbu**

TRAUMATIC & OCCUPATIONAL PERSPECTIVE | MODERATOR: ARI KAUKIAINEN | SALLE MOSANE 4

- Traumatic Dental Injuries in Occupational Accidents: Incidence and Contributing factors - **Aura Heimonen**
- A 65% relative reduction was achieved in unjustly refused work accidents. Increased monitoring and inspection drove this decrease in Belgium. - **Katrien Mortelmans**
- The Impact of Social-Medical Assessment on Outpatient Wound Care: Quality Improvements and Cost Impact from a Pilot Project - **Claudia Druschel**
- Empowering persons with acquired brain injury (ABI) and their relatives to navigate the Swiss Health, - Social and Labor systems - **Monika Finger**

MENTAL HEALTH 2 | MODERATOR: JURGITA NARUSYTE | SALLE MOSANE 7

- Young people facing work incapacity - The key role of mental health - **Thomas Otte**
- Pathology fiche 'autism': guidelines for evaluation of the disability and a training tool for evaluators at DGHan Belgium - **Ann Hombroux**
- Guidelines for assessing work capacity of patients with common mental disorders- Slovenia case - **Mario Bartolac**

POSTERS

	TITLE	AUTHOR	AFFILIATION
1	20 years of evaluation of geriatric rehabilitation in Rhineland-Palatinate	Klaus Freidel	Medizinischer Dienst Rheinland-Pfalz
2	Ageing of the Portuguese Navy's military personnel (2004-2024)	Moisés Henriques	Portuguese Navy
3	Assessment of an Individual's Activity Performance from an Occupational Therapy Perspective	Erik Djurfors	Borås Bedömningsteam, Västra Götalandsregionen
4	Determinants of Functional Capacity and Work Disability Management in Musculoskeletal Disorders	Alexandra Beatrice Nedelcu	University of Medicine and Pharmacy "Carol Davila", Bucharest, Romania
